Block-booking conditions

- Blocks expire 6 months after purchase unless another arrangement is agreed.
- The discounted block rate is conditional on the block arrangement.
- If tuition ends early and a refund is due, hours already used are recalculated at the normal rate that applied when the block was bought.
- Example: £470 paid for 10 hours; 5 hours used at the normal £50/hour rate = £250 used; refund = £220.
- Refunds are made by bank transfer.

Cancellation charges

Less than 48 hours' notice or a no-show: full booked lesson fee. For prepaid pupils, the corresponding booked lesson time is deducted from their credit.

Payment methods

Bank transfer or cash. Payment is normally due on the day unless the pupil is using prepaid credit or another arrangement has been agreed.
